Course Material

Each person that sits the course is issued with the relevant course book. The book is included in the course cost. All participants will be notified prior to course commencement if they are required to bring any extra material or instruments to the course.

All course material remains our property.

Attendance

Where a start time for a training course is provided, this is the actual start time. Times are given to ensure that the learning required for the course can be delivered in the time specified.

Trainers have the right to refuse entry to any attendee to a course that is already underway.

Mobile phones are required to be turned off during this time.

Should a student not be able to sit the course in its entirety, we suggest they book at a later date. Students who do not sit courses in full will not be issued certification.

You must comply with all health and safety rules and regulations and any other reasonable security requirements that apply at the premises at which the training courses are provided. Safety Boots and appropriate PPE are required on most of our training courses. You will be advised prior to attending on what is required.

Certificates

On the successful completion of our training courses and on full payment of all fees, students will be issued with a certificate of completion by us (applies to stage two and three courses only).

Please note that all students must have a 90% pass rate in order for a certificate of completion to be issued.
