# BREATHLYSER

## BACTRACK S80 BREATHALYZER

**The World's No1 Selling Digital Breathalyzer.**

- High accuracy Breathalyzer.

Most low cost breathalyzers have questionable accuracy and reliability – not the BACtrack S80. The S80 is a professional Breathalyzer which gives unparalleled accuracy at an affordable price.

Although often used in the workplace, many individuals choose to use the S80 Pro as a personal device for increased peace of mind.

The S80 Pro features electro-chemical police-grade Xtend® Fuel Cell Sensor Technology with enhanced linear accuracy and convenient one-button operation for fast and accurate BAC results.

The BACtrack S80 Pro is FDA approved and meets the requirements of, the DOT/NHTSA for a personal breath alcohol screening device.
